

Innovation Capability Voucher

\$5,000 Maximum Grant for Integrated Solution
Asset / Personnel Tracking and Identification

Virtual Trunk Multimedia Communication System (VTMCS)

The Innovation & Capability Voucher (ICV) by Spring Singapore is a simple to apply, easy-to-use voucher valued at \$5,000, to encourage SMEs to take their first step to develop their business capabilities. SMEs can use the vouchers to upgrade and strengthen their core business operations through consultancy in the areas of innovation, productivity, human resources and financial management. Apart from consultancy, ICV also supports SMEs in the adoption and implementation of pre-scoped Integrated Solutions to improve business efficiency and productivity.

Each SME is entitled to a maximum of eight vouchers and up to a maximum of two vouchers to implement pre-scoped Integrated solutions from pre-approved integrated solution providers. Each ICV project must be completed before the submission of a new application. The duration for each project should not exceed six months.

Integrated Solutions are tried-and-tested, plug-and-play tools that help SMEs overcome common business challenges and achieve overall productivity gains. With Integrated Solutions, minimal effort is required from SMEs to design and test innovation and capability development solutions.

Interested ICV applicants may contact SME Infoline @ 68981800.

You may contact our customer service at **67486656** to find out more about our integrated solution. We offer a no-obligation demonstration on our range of products.

Our integrated solution utilises our standard VTMCS Dispatching Console Software as a Service Model Virtual Trunk Multimedia Communication Solution. The software is the first communication application providing video chat capabilities, voice calls, walkie talkie style PTT calls, text message exchange, GPS tracking and job ticketing in one solution

CRS Communication is a leading supplier and service centre for two-way radio systems in Singapore. Our customers are supported by a dedicated staff of engineers and administrators with 20 years of experience in system design and installation. Since its inauguration in 1997, CRS Communications has always abided by the simple philosophy of maintaining a high degree of technical proficiency and quality customer service. With the continued liberalization of the telecommunications market, our close affiliation with Motorola and various local service providers ensures our continued capacity to cater to the needs of our customers in various industries.
